

## 3D Star Decoration

1. Carefully cut around the star shapes taking extra care when you get to the slits.

2. Slot the two shapes together to make your 3D star decoration.

3. Use the glitter glue to add some sparkle.

4. Use the gold thread to tie a hanging loop through the hole at the top of the decoration.

Merry Christmas  
from Creative Scene

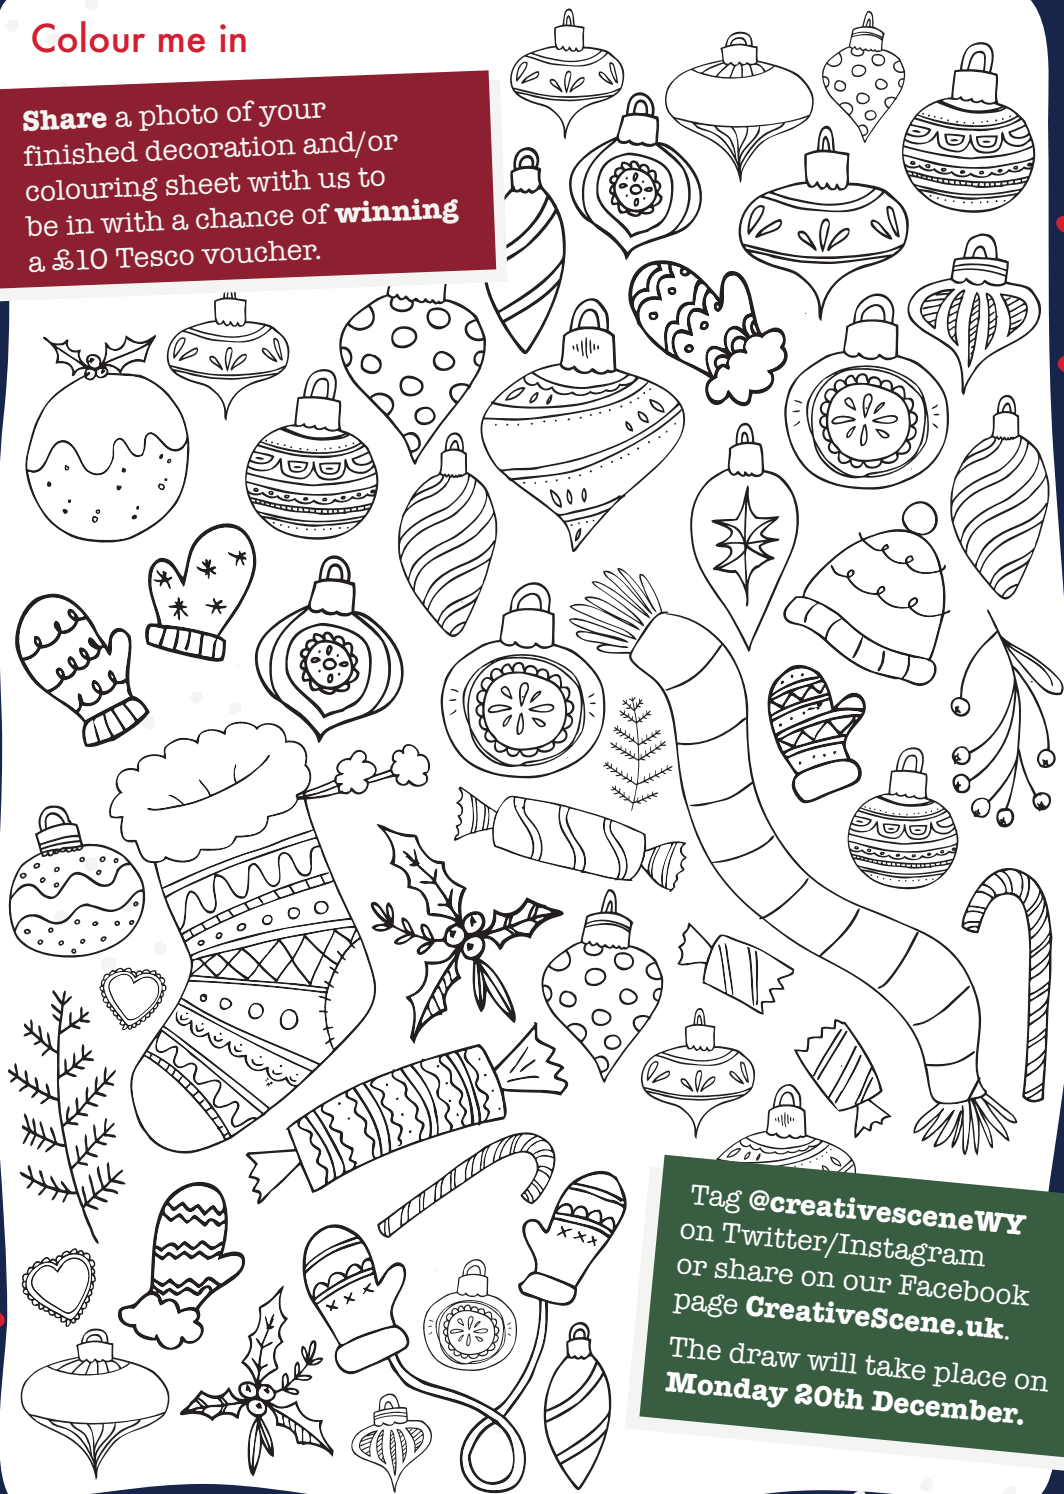

We're delighted to have added some extra creative activity to this year's festivities with the wonderful light performers from **Travelling Light Circus...**

...and this little **gift** for you to make at home.
